BOARDWALK KIT

STEP 01

Trim one hexagon out of Studio Calico patterned paper.

STEP 02

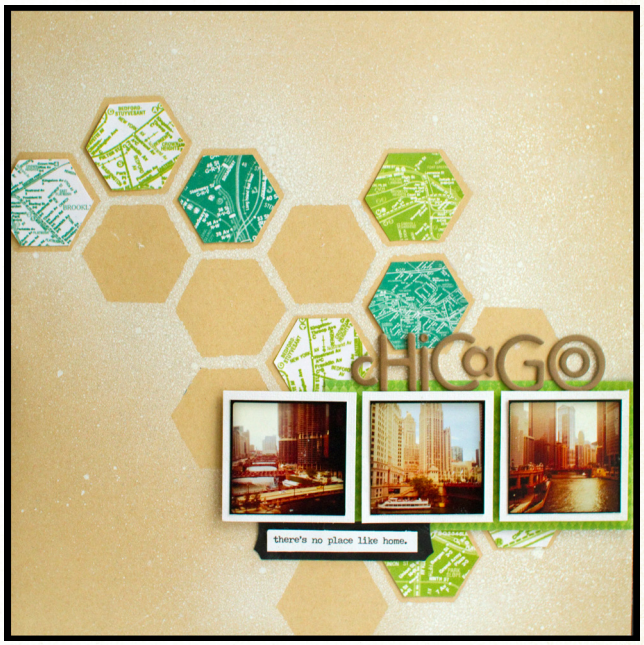
Trace hexagon many times onto a piece of scrap paper and trim out.

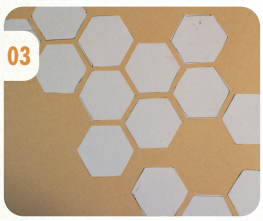
STEP 03

Use repositionable adhesive to adhere the hexagons to your kraft cardstock background.

STEP 04

Mist over top of the hexagons with Mister Huey's White mist. Make sure that all hexagons are covered with mist. Let it dry and then remove the hexagons.





You can use any shape as a mask - try punched shapes or images cut from a die cut machine!
