

THREE

By Lisa Truesdell

BOARDWALK KIT

STEP 01

Cut a piece of scrap paper into a rectangle. For the hearts on the page, I started with paper that was 2.5in x 1.5in. Fold the paper in half so that the short ends meet, then unfold.

STEP 02

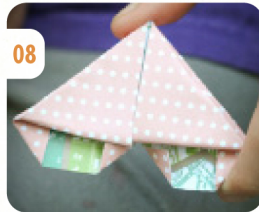

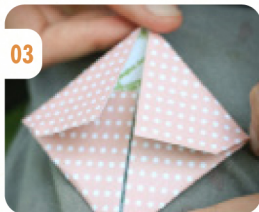

Fold both bottom corners up to meet the line made from the fold in step 1.

STEP 03

Then fold the top corners the same way. You should end up with a square that looks like Image 3.

STEP 04

Fold the square in half - when you do this, two flaps will stick up.

These cute paper hearts are the perfect embellishment for any page. Don't be scared to follow Lisa's lead and use them on a boy layout too!

SUPPLIES

Kit: Studio Calico Boardwalk Kit; Masks: Studio Calico Butterflies; Mist: Studio Calico Mister Huey's Color Mists Calico Shine, Mister Huey's Color Mist Clay; Other: Staples, Sewing Machine

STEP 05

Fold down the inner corners of each flap and turn the paper over to reveal your heart!

STEP 06

Use staples to hold the folded hearts in place, and then stitched them to my page. A glue dot would hold them on a layout as well.
